This traditional Bolivian lullaby speaks honestly about a mother's daily life — even as she sings her child gently to sleep, the chores of the day are never far away: washing, mending, caring for the whole family. It is a quiet, loving reminder that a lullaby is often sung in the middle of a busy life, not apart from it.

Traditional Bolivian lullaby, based on a documented traditional text. The English lyrics here are a singable adaptation offered as a respectful tribute.
